Copy # 3

OCT 12 1949

25X1

The enclosed draft report, "The USSR Petroleum Industry" (Copy #4), is another item in the series of reports our people have been doing on USSR industrial capabilities. It is now being circulated among the several departmental intelligence agencies here for comment and further editing prior to its formal publication.

We would very much appreciate having the benefit of any comments that [redacted] organization might give us on this draft report.

25X1

Sincerely,

signed [redacted]
